5th Annual BMT Winter Workshop

San Diego, California

Date: Friday December 2, 2016

Location: University of California San Diego (UCSD)
School of Medicine

Time: 3:00 – 6:30 PM Workshop
6:30 – 8:30 PM Reception

Medical Education and Telemedicine
Building, Auditorium

The UCSD Blood and Marrow Transplant Program and Moores Cancer Center are pleased to host the 5th Annual BMT Winter Workshop. This workshop will take place prior to the 58th Annual Meeting of the American Society of Hematology (ASH). This informal meeting will be formatted as previous workshops with several brief talks about recent unpublished clinical and pre-clinical data pertinent to hematopoietic stem cell transplantation (HSCT).

There are invited guest speakers. We will solicit additional speakers through the registration process which opens September 1, 2016. To Register, go to: <http://hem-onc.ucsd.edu>

- If you plan to take the courtesy shuttle service, please proceed immediately north of the Convention Center to the Marriott Marquis San Diego Marina at 333 West Harbor Drive. Buses will be staged at the waterfall on the lower driveway. The drive to the workshop will take 20 - 30 min with departures beginning at 1:15pm for speakers and every 15 minutes thereafter.
- Please share this announcement with colleagues who may be interested in attending.
- Note: Free registration, no travel reimbursement, no speaker fees, and no pharmaceutical support or involvement.
