A personal note about Dr. Akeson from Dr. Garfin

It has been one of my greatest pleasures, honors, privileges, and opportunities (as I am sure it has been for all UCSD Department of Orthopaedic Surgery former students, residents, fellows, and colleagues, locally and worldwide) to study under, learn from, and work with Wayne H. Akeson, M.D. What he has done for UCSD, San Diego, and the national/international orthopedic surgery, rheumatologic and basic science communities has been immense and I doubt will be surpassed. On top of what he has already done for all of us, he has helped generously start the endowment of our Annual Visiting Professorship which we have named in his honor, the Wayne H. Akeson Visiting Professorship. There are no words to convey how wonderful it is that Wayne will be the first speaker for the Wayne H. Akeson Annual UCSD Visiting Professorship.
