Suitability determined by Lifesharing coordinator following an on-site visit

Medical team to explain procedures for determining brain death and provide family support

MD informs family of brain death results and support provided.
DO NOT APPROACH FAMILY CONCERNING ORGAN DONATION!

Does family understand and acknowledge death?

IF NO,
Support family in grieving process, assess understanding and assess immediate needs. Return to above as needed.

IF YES,
Lifesharing introduced to family
Lifesharing offers option of donation as a separate agency from medical staff.
