Appendix G1  
UCSD Medical Center  
Disaster Plan  
**Trauma Resuscitation Room (TRR)**

**Rationale:**
To provide primary receiving area for patients in need of emergency surgery evaluation and operative treatment.

**Primary Location:** Second Floor adjacent to SICU  
**Secondary Location:** Shock and Holding (PACU) or as announced by the Incident Command Center  
**Contact Phone Number:** 543-7428  
**FAX Number:** 543-5716  
**Responsible Departments:** Department of Surgery, Division of Trauma; Department of Anesthesiology

**Primary Responsibilities:**
1. Resuscitate severely injured patients.  
2. Perform basic diagnostic studies (lab, x-ray) on trauma patients.  
3. Triage patients in order of severity of injury.  
4. Make appropriate dispositions (OR, ICU, Floor).  
5. Expedite transfer of patients out of TRR once workup is complete to allow new patients to be admitted.  
6. Report all patient movements and transfers to the ICC.

**Team Membership:**
1. On call trauma attending physician or fellow.  
2. Additional trauma staff as available or on call back.  
3. Chief, senior, and junior residents on Trauma Service.  
4. Junior residents on other general surgery services, Neurosurgery, and Cardiothoracic surgery services.  
5. Resuscitation Room nurses from SICU.

Appendix H1  
UCSD Medical Center  
**Shock and Holding Area**

**Rationale:**
To provide secondary receiving area for patients in need of emergency surgery evaluation and operative treatment.

**Primary Location:** Second Floor Recovery Room (PACU)  
**Secondary Location:** To be announced by the Incident Command Center  
**Contact Phone Number:** 543-6130  
**FAX Number:** None  
**Responsible Department:** Department of Surgery, Division of Trauma; Department of Anesthesiology

**Primary Responsibilities:**
1. Resuscitate severely injured patients.  
2. Perform basic diagnostic studies (lab, x-ray) on trauma patients.  
3. Triage patients in order of surgical priority, for operating room time.  
4. Make appropriate dispositions (OR, OR preop holding, ICU, Floor).  
5. Hold and stabilize patients requiring surgery for whom Operating Room are not yet available. A pre-operative area will be set aside for the purpose. If needed, patients can be transferred to the ICU/Floor while awaiting surgery.  
6. Report all patient movements and transfers to the ICC.

**Team Membership:**
1. On call trauma attending physician.  
2. Trauma Fellow.  
3. Attendings, residents, and interns on General Surgery Services.  
4. Cardiothoracic fellow, surgery attendings, and interns.  
5. Neurosurgery attendings, chief resident and interns.  
6. All attendings and residents from Plastic Surgery, ENT, and Urology Services.  
7. Anesthesia staff and residents.  
8. PACU nurses.  
9. Trauma Coordinator.
