January 17, 2017

Andrew Ries, MD, MPH
Associate Vice Chancellor for HS Academic Affairs
Professor, Department Medicine and Family Medicine and Public Health
Principles of Faculty Appointments at UCSD

- Shared governance
- Regular peer review: based on academic merit
- Accountability (peers, department, school, university, state, public)
Regular Academic Review

• Term appointments with end-dates (few “tenured”)
• Peer review process – department, school, campus
• Academic review independent of salary
• Areas of academic review: research/scholarship, teaching, service, clinical (if applicable)
  - Emphasis based on job description (research or clinical)
  - All faculty must teach UCSD students/trainees and provide service to the University
Academic Affairs Issues

• UC system is complicated
  – 6 salaried series (LR, IR, Clin “X”, Adj, HS Clin, Prof of Practice)
  – 3 voluntary/nonsalaried titles (Adj, HS Clin, Vol Clin)
  – 3 academic (research) series (Res Sci, Proj Sci, Specialist)

• Match job description with series
  – Change is possible (when appropriate)

• Frequent academic review - q2+ years
  – # Academic years = # June 30ths

• Long lead time (up to 15 mos)
Assistant Professor Reviews

- Limitation on Total Period of Service = 8 years
- Promotion review can occur whenever ready
- Review every 2 years:
  - Reappointment/Non-Reappointment
  - Merit advancement/No change
- 4\textsuperscript{th} year Appraisal (Favorable, Favorable with Reservation, Problematic, or Unfavorable)
  - If Unfavorable, ? termination
- 6\textsuperscript{th} year
  - Usual time for Promotion Review
  - If not, Final Merit Review (justification for postponement)
- Latest Promotion Review
  - 7\textsuperscript{th} year for Senate series (Ladder Rank, In Residence, Clinical “X”)
    - If promotion denied, terminal appointment with 12-month notice
    - Can appeal termination in 8\textsuperscript{th} year
    - If promotion denied, no UC faculty appointment for 5 years
  - Can be delayed to 8\textsuperscript{th} year for Non-Senate series (Adjunct, HS Clinical)
